Part I. Considerations
The HSD program allows Ph.D. students to apply hours from a previously conferred master’s degree and/or graduate hours taken before beginning the HSD Ph.D. to the POS with program approval. The hours must meet the following criteria.

1. Work should provide skills or knowledge directly relevant to the conduct of the HSD Ph.D. research.
2. Up to 30 hours from a master’s degree and up to 12 hours of pre-admission credits, for a total of no more than 42 hours, can be applied to the HSD Ph.D. POS.
3. HSD Ph.D. students may apply up to 9 hours from a conferred master’s or pre-admissions hours towards one or more of their fields. Additional hours may be applied towards required courses, methods training, or electives.
4. One field may be drawn entirely from previous work. In this case, the student submits a “Field Completion Form” specifying how the student demonstrated mastery of the field along with this form. The “Field Completion Form” will be considered complete with the signatures of the student’s advisor and the HSD program chair.
5. The hours must be approvable under Graduate College rules. For pre-admission credits this means:
   a. The hours may not have been applied to another degree.
   b. Hours must be for 500-level or higher courses.
   c. Grades for these hours must be “B” or better.
   d. Students must have completed the courses no more than three years before the semester and year of admission to the HSD Program.

GRADUATE DISSERTATION SUPERVISORY COMMITTEE. If the Graduate Dissertation Supervisory Committee, as listed above, is different than the committee listed on the approved Plan of Study, the student should submit a Graduate Dissertation Supervisory Committee Change Form through MyASU to officially change the committee BEFORE the defense.

Instructions and Process

Comprehensive Examination Results: Passing all examinations is required to complete the comprehensive exams. Students who fail one or more examinations are required to undergo re-examination. Re-examinations are scheduled by the supervisory committee. Re-examination results will be recorded on this form. On or before the final result, the supervising committee must agree and sign the form. If the student’s committee does not agree to the final result, the supervising committee must submit an appeal to the Academic Chair of the Graduate College. The Academic Chair will review the appeal and make the final decision.

All test results including failure in any one of the required examinations should be reported. Failure in the comprehensive examinations is considered final unless the student petitions for a re-examination, the supervising committee and the head of the academic unit recommend, and the Vice Provost for the Graduate College approves the re-examination.

Candidate: Upon successful completion of Comprehensive Exams and Dissertation Prospectus, the Vice Provost for the Graduate College will send you a letter in your ASU email showing you have advanced to candidacy.

DEFEND DISSERTATION
- Pay close attention to all deadlines!
- Submit a draft dissertation to your committee by the beginning of the term in which you plan to defend.
- Hold a meeting at the beginning of the term with your Dissertation Supervisory Committee to plan the schedule and process for defending your dissertation.
- Get feedback from your committee on your draft dissertation and make revisions.
- As soon as you have a date for your dissertation defense, submit the “Permission to Schedule Dissertation Defense” form and work with the HSD Graduate Program Academic Advisor to reserve a room for your Dissertation Defense.
- If you have committee members who cannot attend in person, notify the HSD Graduate Program Academic Advisor in INTDSB 256.
- Immediately after you reserve your room, go into your MyASU and officially schedule the defense through the Graduate College. This must be done no later than 10 working days prior to the scheduled defense date.
- Sign in to MyASU
- Locate the "My Programs and Degree Progress" box
- Select the "Defense" tab
- Click on the "Next Steps" link
- Click on the "Schedule my defense" link
- Once you have submitted the request to schedule a defense through your MyASU, the request must be approved by your academic unit; your defense is not officially scheduled until approved.

(continued on next page)
Once your committee agrees that you have a defense ready dissertation draft, and you have scheduled your defense, you must **submit your complete, defense ready document** both to your committee, at least two weeks before the defense, and upload to your iPOS under the Format tab within 10 calendar days of your defense.

- Complete the **Survey of Earned Doctorates**.
- **Apply for Graduation** through MyASU (pay attention to deadline!).
- **RSVP for Graduation Ceremonies**. You are welcome to attend any application ceremonies, but you should definitely RSVP for Graduate Commencement.
- **Defend your Dissertation** and make sure all committee members sign the DocuSign “Announcement and Report for Doctoral Dissertation Defense” Pass/Fail form. If revisions are required, make sure you complete them before the deadline.
- Remember that you will have to go through the Graduate College format approval after revisions in order to receive final format approval.
- The committee will review any requested revisions and, when satisfied, the Committee Chair signs the DocuSign Pass/Fail form again under the revision section of the “Announcement and Report for Doctoral Dissertation Defense” form.
- **Submit final Dissertation document to UMI/ProQuest**. You must have completed the following before you can upload to ProQuest:
  - Signed DocuSign “Announcement and Report for Doctoral Dissertation Defense” Pass/Fail form completed (all revisions required by committee/chair must be completed at this point)
  - **Receive approval from the Graduate College** (Ready for ETD/ProQuest) to upload to ProQuest
